I understand that there will be 8-10 winter season indoor training sessions scheduled at various indoor facilities located within the boundaries of NYSWYSA. Upon conclusion of the winter training season, the State Pool will begin another 8-10 outdoor training sessions, also located at venues within the boundaries of NYSWYSA. NYSWYSA ODP players will participate in a weekend training camp in May. It is understood that any player missing training sessions gives the coaching staff that much less of an opportunity to be seen in the Olympic Development Program.

Upon completion of the weekend training camp, players will be selected for the State Team, It is understood that if chosen, the player will be representing NYSWYSA at the Region I ODP Tournament normally at Rider College in New Jersey, as well as being a top 18 candidate for attending the Region I ODP Camps, at various venues throughout the Region I territory. (For example, the 2001-2002 season camps were at University of Rhode Island and UMass, while for the boys, some were at Rider College while others were at Binghamton University.)

A financial commitment for the program, should a player continue through the entire program, consists of payments for indoor training, outdoor training, the Region I ODP Tournament, and the Region I ODP Camps (previously ranging between \$410-465, depending on the age group). For families in need of financial aide, it is available based on demonstrated need for the Region I ODP Tournament and/or Region I ODP Camp.

By signing this form, I understand and acknowledge the commitment, responsibility and maturity required by my child to participate in the Olympic Development Program.
