

Revised Agreement with Full90

We successfully negotiated with Full90 Sports, Inc. to bring an end to the ill-advised agreement that had been approved and signed by the previous administration and reached an agreement with Full90 on March 5, 2005. This agreement states in part that: "All of the terms, conditions, provisions, agreements, covenants, promises, rights, duties and obligations contained in Amendment No 1 are hereby cancelled and shall be deleted in their entirety." (Amendment No 1 is the one that mandated the wearing of the Full90 protective headgear and that was approved by the previous administration last September). All moneys received by NYW in consideration of agreeing to this Amendment No 1 were refunded to Full90 with interest.
