## Registration and Database Report for 2004-2005

### 2004-2005 Database and Paid Registrations

<u>Year</u>	<u>Database</u>	<u>Paid</u>
2004-2005	70764	69930
2003-2004	60011	72323
2002-2003	74111	65310

Numbers for comparison are from August of each seasonal year. The fluctuation in numbers is the result of a couple of things. The 2002-2003 database number appears high as this was before RosterPro® came on line and there was duplication of data no matter how hard we tried to avoid it. The end of the 2003-2004 was still only the 8<sup>th</sup> month of RosterPro® and some early seasonal data never got input, plus we still were going through a big learning curve. It will be interesting as we go forward in 2005-2006 as the second full season of RosterPro® to see the numbers begin to smooth out.

We have discussed going out to the membership and giving additional RosterPro® training. This was also requested by a high percentage of responses received from the membership survey. Since there is a relatively high turn over at the club level of registrar's, it will help to train those new folks.

RosterPro® has been open to receive registrations for the 2005-2006 seasonal year since the first of June. Currently, 17,223 players have registered for the current seasonal year.

Upcoming features that will be added to RosterPro® for 2005-2006 include:

- Team staff upload
- Active pool for Team Staff filter
- Report of all Out of State Players
- Report of secondary's w/no primaries
- Transfer and Release system: - max 5 transfers Transfer and Release system: - mark transfer or drop
- Transfer and Release system: - player cannot be currently rostered on two teams in same primary/secondary
- Transfer and Release system: - checkbox for transfer and release
- Team contact list (checkboxes to select which columns to display)
- More details will be added to the person search - C, AC, M, etc, which teams

### Out of State and International Players

For the 2004-2005 season we also processed paperwork for:

- 116 players from Eastern NY to play in NYSW
- 129 players from Eastern PA to play in NYSW
- 1 player from PA-West to play in NYSW
- 1 player from NYSW to play in ENY
- 1 player from Columbia
- 4 players from Germany
- 2 players from Brazil
- 1 player from France
- 2 players from Canada

Respectfully submitted,

Tim Mellander, State Registrar
