

[IMPORTANT] - 2024 Risk Management Update_11-20-2023

To All Club Administrators & Risk Management Personnel:

The Risk Management portion of GotSport Onboarding is still in final testing. There are still several parameters that need to be addressed to ensure a smooth transition to the new integrated RM process. Due to this and the upcoming Thanksgiving Holiday, the Go-Live date has now been pushed out to on or after Monday, November 27th.

Please be aware that there will likely be several Risk Management related updates coming out during this Holiday week and the next so be sure to look out for them.

Wishing everyone a wonderful Thanksgiving Holiday!

Michael Kozak

Risk Management Coordinator
