

[PLAYER SAFESPORT UPDATED] - Specifically for Players 17 turning 18 Years Old - IMPORTANT

To ALL Club Administrators & Risk Management Coordinators:

This Updated Instruction Message is specifically for those Players that are still 17 years old but are turning 18 this Seasonal Year. Current 18 & 19 year old Players the instructions remain the same.

GotSport Policy requires Parental Permission for a 17 year old Player to take the Core Adult SafeSport Course prior to their 18th birthday. As such, there is one (1) additional step the Player must take when they log into their account (*a visual representation appears below*).

When a 17 year old Player logs into their account and goes to the Dashboard and clicks on the "Details" link in their SafeSport Requirement a Parental Permission Form will appear for a Parent/Guardian to fill out. This can only be done from the Player's account login, NOT the Parent's login. *See visual below*. Once the Parent completes this form, the Player can go back to the Dashboard, click on the "Details" link again and they will be able to do the training the same way everyone else does.

The screenshot shows a web form titled "Status" with a yellow "Required" label. It contains two text input fields for "Parent First Name" and "Parent Last Name", each with a red arrow pointing to it. Below these is a "Parent Signature" section with a red instruction: "Parent Use a Mouse or Mouse Pad to sign here." At the bottom left are "Save" and "Reset" buttons, with a red arrow pointing to the "Save" button. Below the signature section is a "Parental Permission" section with the text "I hereby give permission for my child to complete this requirement" and a checkbox labeled "Agree". A red arrow points to the "Agree" checkbox with the text "Click Agree, Then Submit".

Again this only affects 17 year olds that turn 18 THIS Seasonal Year.
