

[IMPORTANT] - 2024 Risk Management Policy Now Available for Download

To ALL Club Administrators:

The updated NYSWSYSA Risk Management Policy is now online and available for download at: <https://nyswysa.org/risk-management>

You may access it by scrolling down to the related article on the page or by clicking on the link at the left vertical menu on the page.

It is critical that you download and read this updated policy, and become familiar with its contents. We will be sending out related system messages that highlight critical elements and changes that affect your soccer operations as they relate to risk management. This will include areas such as Administrator Responsibilities, Club Audits & Access to Database Information, Mandatory RM Requirements Management, MAAPP Reporting, and important changes to Prohibited Conduct Policy.

You will find ALL Risk Management System Messages on the Risk Management webpage at www.nyswysa.org after they are posted for your convenience.
